A tropical country, with exuberant nature and paradisiacal landscapes, Brazil is gifted with over 8500 km of coastline and with the borders with 10 countries. This rich diversity is also represented in the Brazilian population, composed by different races, cultures and traditions that interact in peace and joy.

The JamCam will take place in Foz do Iguaçu, Parana. It is a beautiful city, full of many touristic destinations.

Foz do Iguaçu is well known worldwide, especially because of the Cataratas Waterfall and Itaipu Binacional.

It is a cosmopolitan city and the border between Paraguay and Argentina is characterized by different cultures sharing the same beautiful region.
The theme that will guide JamCam’s activities aims to strengthen the bonds of fellowship proposed in the values of the Scout Movement uniting, in diversity, scouts from different parts of the world!

The JamCam program is based on five fundamental principles:

• Provide experiences that encourage young people to reflect on their commitment to the future, recognizing the challenges facing the global community;
• Motivate to develop concrete actions; act to change the way we live;
• Challenge to think differently, to live new and relevant experiences;
• Encourage an inclusive environment where diversity is respected and valued.
• To value sustainable goals throughout the camp.
